# Where you save your money matters.

---

Savings accounts used to be where people put their savings. Obvious, right? Well let's look at it in a different way, the Kootenay / Boundary way.

Open a StellerVista savings account and use it in tandem with a StellerVista chequing account to help you manage your money and end up with a surplus at the end of the month. With the right budget, plan and a guide to help you manage, that surplus serves as your buffer (for surprises) and as the account you use to feed your RRSP or other investments.

That's how molehills become mountains.
